Gym Masses

Presider: *Fr. Jim DeBruycker*

Family Mass

Family Masses have begun! Join us at 9 & 11am in the church for our family-centered Masses. Today we celebrate St Francis with a presentation of word, music, and image inspired by his Canticles, read by *Enzo* and *Luca La Hoz Calassara*. We ask that all who attend wear masks to keep everyone safe. Come celebrate with us!

As we re-open our campus, the Parish Center hours are 9am - 3pm, Monday and Friday; Tuesday through Thursday we are open 9am - 9pm and Saturday 8:30am - noon. We look forward to seeing you, and we ask that you wear a mask when visiting the Parish Center and attending mass. We are scheduling ministry group meetings on-site and are discerning how to incorporate Zoom and online options. We will keep you posted as we go forward.

Pastor's 2 Cents From: Fr. Jim DeBruycker

I have a confession to make: I am a checkout line tabloid reader. You know... the National Inquirer, the Sun and the Star to name a few. Of course, I also read the Onion as a news corrective. Where else could I find out about Hilary Clinton's adoption of an Alien baby? I personally have never bought one of these magazines, but both grandmothers and my favorite aunt left them laying around the house, as did my grandfather with his True Detective magazines up at the cabin. My mother was addicted to trash romance novels - I had a very enlightened upbringing. This is where I found out that earth was primarily a penal colony for this quadrant of the Milky Way. There were also important discussions about the significance of UFOs and theology. Did Jesus have to die for another planet's salvation? Did aliens sin? Or maybe... did they beat original sin and not eat the fruit as the serpent suggested. Inquiring minds want to know! Of course, as the tabloids explain, these questions are just a few of the questions that the government thought were too upsetting to everyday Americans so they had to hide all the evidence that UFOs exist. So why is the government suddenly admitting they do exist? Do they know something we don't? WHO CARES? As James in his letter hints at, we can find a million ways to ask questions so we don't have to ask the really important questions: Why do we still not share the gifts of creation? Why do we demonize certain people and marginalize them?

Recently, the UFO community has been suggesting we do not broadcast our being here. The thought has been if the aliens' technology is so advanced they must also be advanced socially, despite anal probes. The new thought is an observation from earth's history. Whenever a more technological society finds a weaker technology they tend to subjugate them. More power does not necessarily mean more empathy or understanding. Look what happened to most (if not all) of the native populations when they came in contact with white Europeans. Let's face it, maybe we should be hiding rather than broadcasting our presence. According to Star Trek history, the first warp speed engines to achieve light speed were on the Phoenix designed by Dr Zefram Cochrane in 2063. Luckily, the first aliens they met were the logical Vulcans who clued them in on what to look out for in the universe: other aliens like us. Live Long and Prosper.

Blessing of the Animals: Today as part of our celebration of St Francis, come to the Memorial Garden at 2pm for our Blessing of the Animals! Bring your critters great or small to our fun and lively blessing. We'll meet in the church if the weather doesn't cooperate.

The Sunday Morning Registration and Information Office is located in the Parish Center. In the office you may register to become a SJA parishioner, get program information, sign up for a program, and register to volunteer. The office is open after both of our Sunday morning liturgies.

Weekend Masses are Celebrated at:
5pm Saturday & 7:45am Sunday in the Church

In cases where there has been a previous marriage ending in divorce, it is not possible to set the wedding date until notice of an annulment is in hand. FFI call Sherri Stella at the Parish Center.
